

WEATHER AND CLIMATE EXTREMES IN A CHANGING CLIMATE

Workshop Chairs: Gerald Meehl and Tom Karl

25-29 June 2007

WORKSHOP PARTICIPANTS

PETER BROMIRKSI

Associate Project Scientist

Scripps Institution of Oceanography
Integrative Oceanography Division
La Jolla, CA

Expertise: Interdecadal variability & characteristics of storms in the NE Pacific; coast impacts

HAROLD BROOKS

Meteorologist

National Severe Storms Laboratory
Forecast Research & Development Division
Norman, OK

Expertise: Severe weather, climatological Information

TEREZA CAVAZOS

Associate Professor

Centro de Investigacion Cientifica y de Educacion Superior de Ensenada (CICESE)
Department of Oceanography
San Diego, CA

Expertise: Regional climate variability, Monsoons

STEWART COHEN

Senior Researcher

Environment Canada
Adaptation & Impacts Research Division

Expertise: Climate impacts & adaptation

ARTHUR DOUGLAS

Professor/Chair

Creighton University
Atmospheric Sciences Department
Omaha, NB

Expertise: Climate variability & extremes in the SW and Mexico

DAVE EASTERLING

Chief

National Oceanic & Atmospheric Administration
Scientific Services Division
Asheville, NC

Expertise: Observed climate change

PASHA GROISMAN

Project Scientist

National Climatic Data Center
University Corp. for Atmospheric Research/
Joint Office of Science Support
Asheville, NC

Expertise: Climate change – extratropics

WILLIAM GUTOWSKI

Professor

Iowa State University
Dept. Geological & Atmospheric Sciences
Ames, IA

Expertise: climate change, regional climate simulation and modeling

SUSAN JOY HASSOL

Analyst and Author

Climate Communication

Basalt, CO

Expertise: climate change communication, global change science, energy and environmental policy

GABI HEGERL

Associate Research Professor

Duke University

Earth and Ocean Sciences Department

Durham, NC

Expertise: Global climate change, atmospheric science, statistics

GREG HOLLAND

Director

National Center for Atmospheric Research
Mesoscale & Microscale Meteorology Division
Boulder, CO

Expertise: Tropical meteorology, hurricanes, severe local storms

TOM KARL

Director

National Oceanic & Atmospheric
Administration

National Climatic Data Center

Asheville, NC

Expertise: Global climate change, extreme weather events

THOMAS KNUTSON

Research Meteorologist

National Oceanic & Atmospheric
Administration

Climate Dynamics Group/Geophysical Fluid
Dynamics Laboratory

Forrestal Campus

Princeton, NJ

Expertise: Climate modeling, hurricanes and climate

PAUL D. KOMAR

Professor of Oceanography

Oregon State University

College of Oceanic & Atmospheric Sciences

Corvallis, Oregon

Expertise: Coastal erosion; ocean waves, sea levels and climate controls

JIM KOSSIN

Atmospheric Research Scientist

University of Wisconsin-Madison

Cooperative Inst. for Meteorological Satellite
Studies

Madison, WI

Expertise: Hurricane research, tropical meteorology

KENNETH KUNKEL

Director, Center for Atmospheric Sciences

Center for Atmospheric Sciences

Illinois State Water Survey

Champaign, IL

Expertise: Observed trends in climate extremes

DAVID LEVINSON

Physical Scientist

National Oceanic & Atmospheric
Administration

Scientific Services Division/Climate
Monitoring

Asheville, NC

Expertise: Extra-tropical cyclones, nor'easters, coastal hazards & extremes

JERRY MEEHL

Senior Scientist

National Center for Atmospheric Research
Climate and Global Dynamics Division

Boulder, CO

Expertise: Climate modeling

CHRIS MILLER

Program Manager

National Oceanic & Atmospheric
Administration

Climate Program Office

Expertise: Climate data, detection and attribution, paleoclimate

RICHARD MURNANE

Program Manager

Bermuda Institute of Ocean Science
Risk Prediction Initiative

Garrett Park, MD
Expertise: Tropical cyclones, climate

BILL MURRAY
Research Meteorologist
National Oceanic & Atmospheric
Administration
Climate Program Office/Research Division
Silver Spring, MD
Expertise: Data set development

TOM PETERSON
Management Support
National Oceanic & Atmospheric
Administration
National Climatic Data Center/Director's
Office
Asheville, NC
Expertise: Convening lead author of
"Ch. 1 – Assessment of changes in extremes
using daily in situ data"

ROGER S. PULWARTY
*Physical Scientist and Director, National
Integrated Drought Information System*
National Oceanic & Atmospheric
Administration
Climate Program Office
Boulder, CO
Expertise: Impacts, adaptation, policy, climate

RICHARD SMITH
Professor
University of North Carolina
Statistics and Operations Research
Department
Chapel Hill, NC
Expertise: Statistics

JOHN M. R. STONE
Adjunct Research Professor
Carleton University
Geography and Environmental Studies
Ottawa, ONT
Canada
Expertise: Climate & atmospheric science,
environmental policy

RONALD J. STOUFFER

Senior Research Meteorologist
National Oceanic & Atmospheric
Administration
Climate Dynamics Group/Geophysical Fluid
Dynamics Laboratory
Princeton, NJ

Expertise: Climate modeling
SARA VEASEY
Visual Information Specialist
National Oceanic & Atmospheric
Administration
Scientific Services Division
Asheville, NC
Expertise: Visual communication, graphic
design

ANNE WAPLE
Scientific Editor
National Oceanic & Atmospheric
Administration
National Climatic Data Center
Veach-Baley Federal Building
Asheville, NC
Expertise: Climate monitoring, global change,
scientific communication

PETER WEBSTER
Professor
Georgia Institute of Technology
School of Earth & Atmospheric Sciences
Atlanta, GA
Expertise: Ocean and atmosphere dynamics

MICHAEL WEHNER
Staff Scientist
Lawrence Berkeley National Laboratory
Computational Research Division
Berkeley, CA
Expertise: Generalized extreme values

FRANCIS ZWIERS
Director
Environment Canada
Climate Research Division
Toronto, ONT
Canada
Expertise: Statistical analysis

CONFERENCE CONVENOR:

John Katzenberger

Director

Aspen Global Change Institute

Aspen, CO

Expertise: Education, global environmental
change

CONFERENCE COORDINATORS:

MARTA DARBY

Office Manager

Aspen Global Change Institute

Aspen, CO

Michelle Masone

Program Assistant

Aspen Global Change Institute

Aspen, CO
