

**MANAGING THE CYCLES OF NITROGEN AND PHOSPHORUS:
Mitigation and Adaptation**
October 22-25, 2008

Co-chairs: Pamela Matson, Rosamond Naylor & Peter Vitousek

Workshop Roster
(as amended October 16, 2008)

Tim Crews

Professor
Prescott College
Environmental Studies
Prescott, AZ
Expertise: N & P Biochemistry

Laurie Drinkwater

Associate Professor
Cornell University
Department of Horticulture
Ithaca, NY
Expertise: Biochemistry of agrosystems

Elisabeth Holland

Senior Scientist
NCAR TIMES/ACD
Boulder, CO
Expertise: Biogeosciences

Luiz Martinelli

Professor
Universidade de São Paulo
Centro de Energia Nuclear na Agric.
Piracicaba, Sao Paulo Brazil
Expertise: Biochemistry

Rosamond Naylor

William Wrigley Senior Fellow
Woods Institute for the Environment
Stanford University
Stanford, CA
Expertise: Food policy and agricultural economics

Dennis Ojima

Senior Scholar
Heinz Center for Science, Economics and the
Environment
Washington D.C.
Expertise: Ecosystem science

Cheryl Palm

Research Scientist
Columbia University, Earth Institute
Palisades, NY
Expertise: Soil Science and Climate

Pedro Sanchez

*Director, Tropical, Agriculture & Rural Environment
Program*
Columbia University, Earth Institute
University of Colorado, Boulder
Palisades, NY
Expertise: Soil Science

Alan Townsend

Professor
University of Colorado
University of Colorado
Boulder, CO 80303 US
Expertise: Biogeochemistry
