

## STATE OF THE GLOBAL PHOSPHORUS CYCLE

*Organizer(s): Tim Crews, Alan Townsend, Peter Vitousek (absent)*

**30 Sep 2009 - 4 Oct 2009**  
**WORKSHOP ROSTER**

**ELENA BENNETT**

*Assistant*

McGill University McGill School of  
Environment and Department of  
Montreal, QC

***Expertise: large scale P  
cycling, ecosystem services,***

**TIM CREWS**

*Professor*

Prescott College  
Environmental Studies  
Prescott, AZ

***Expertise: Agricultural and  
ecosystemecology***

**KIMBERLY EPPS**

*Postdoctoral Research*

Stanford University  
Stanford, CA

***Expertise: Soil science***

**GABRIEL FILIPPELLI**

*Professor and Chair*

Indiana University - Purdue  
University Earth Sciences  
Indianapolis, IN

***Expertise: Phosphorus geochemistry;  
climate change***

**JOHN KATZENBERGER**

*Director*

Aspen Global Change Institute  
Aspen, CO

***Expertise: interdisciplinary science  
education***

**STEPHEN PORDER**

*Asst. Professor*

Brown University Ecology and  
Evolutionary Biology  
Providence, RI

***Expertise: Biogeochemistry***

**DAVID SCHINDLER**

*Professor*

University of Alberta Biological Sciences  
Edmonton, AB

***Expertise: Limnology***

**MEAGAN SCHIPANSKI**

*Postdoctoral Fellow*

McGill University Department of Natural  
Resources

Ste-Anne de Bellevue, QC

***Expertise: Agroecology***

**PHILIP TAYLOR**

*Ph.D. student*

Univ. of Colorado INSTAAR and EBIO  
Boulder, CO

***Expertise: biogeochemistry***

**ALAN TOWNSEND**

*Professor*

University of ColoradoINSTAAR and Dept  
of Ecology and Evolutionary  
Boulder, CO

***Expertise: biogeochemistry***

**PETER VITOUSEK (absent)**

*Professor*

Stanford University  
Stanford, CA

***Expertise: nutrient cycling***
