Education & Public  
Outreach

Sponsored Projects

+ Other Private  
Foundations

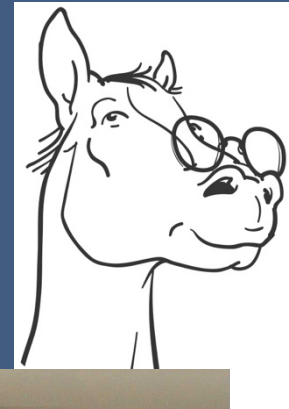

Additional support:

- New-Land Foundation
- Sopris Foundation
- Individual contributions

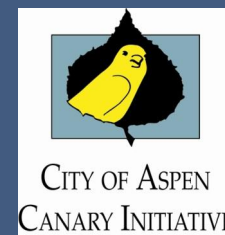

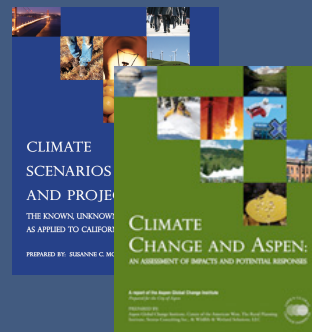

# Education & Public Outreach

- NASA & NSF grants for global change science curriculum development
- *From the Horse's Mouth*
  - Turning AGCI's 23 years of video into a virtual classroom resource
- Walter Orr Roberts Public Lectures online

# Research & Consulting

- Local to regional decision support
- Monitoring and analysis
- Collaborations with research community & stakeholders
- Collaborations with independent researchers

# Sponsored Projects

- Hal Harvey, Director
- Identifying outsized policy levers
- Research
  - E.g. German renewables, Chinese cities, natural gas
- Informing key decision-makers and persons of influence

- Susan Hassol, Director
- Communication workshops for scientists
- Connecting skilled science communicators to the media
