

Global Change and the Solar-Terrestrial Environment

June 12-17, 2010

Workshop Chairs: Howard Singer, Charles Jackman, Peter Pilewskie, Paul Kintner, and Lesley Gray

Participant Roster

PHIL CHAMBERLIN

Research Astrophysicist
Solar Physics Laboratory
NASA, Goddard Space Flight Center

RICK CHAPPELL

Research Professor of Space Physics
Science & Research Communications
Vanderbilt University

JEFFREY FORBES

Professor & Chair
Aerospace Engineering Sciences
University of Colorado

LESLEY GRAY

Professor
Dept. of Meteorology
University of Reading

DAVID GUBBINS

Professor of Geophysics
Leeds University

JERRY HARDER

Research Scientist III
Laboratory of Atm. and Space Physics
University of Colorado

MAURA HAGAN

Deputy Director
NCAR

ERNIE HILDNER

Consultant
NOAA

LON HOOD

Senior Research Scientist
Lunar and Planetary Laboratory
University of Arizona

CHARLES JACKMAN

Physical Scientist
NASA, Goddard Space Flight Center

RALPH KAHN

Senior Research Scientist
NASA, Goddard Space Flight Center

JOHN KATZENBERGER

Director
Aspen Global Change Institute

GREG KOPP

Scientist
Laboratory of Atm. and Space Physics
University of Colorado

DANIELA LINDNER

Graduate Student Researcher
University of Illinois at Urbana-
Champaign

ROBERT MCPHERRON

Professor
Earth Space Sciences
University of California Los Angeles

GERALD MEEHL

Senior Scientist
NCAR

RICHARD MEWALDT

Senior Research Associate
California Institute of Technology

CHERILYNN MORROW

Professor
Georgia State University

VICTOR PASKO

Professor
Department of Electrical Engineering
Pennsylvania State University

PETER PILEWSKIE

Professor
Laboratory of Atm. and Space Physics
University of Colorado

CORA RANDALL

Associate Professor
Laboratory of Atm. and Space Physics
University of Colorado

JAMES RUSSELL

Professor and Co- Director
Atmospheric and Planetary Sciences
Hampton University

HAUKE SCHMIDT

Scientist
Max Planck Institute for Meteorology

KAREL SCHRIJVER

Principal Physicist
Lockheed Martin Technical Center
Solar and Astrophysics Lab

HOWARD SINGER

Chief Scientist
NOAA Space Weather Prediction Center

JAMES SPANN

Manager
Science & Exploration Research Office
NASA, Marshall Space Flight Center

DICK WHITE

Associate Scientist
Laboratory of Atm. and Space Physics
University of Colorado

TOM WOODS

Associate Director
Laboratory of Atm. and Space Physics
University of Colorado

DONALD WUEBBLES

Director, Environmental Council
University of Illinois at Urbana-
Champaign
